

Underwater Ocean Tank Cam

Welcome to Galway Atlantaquaria's Ocean Tank cam.

This tank is the largest in the aquarium and contains over 120 tonnes of sea water.

Starry Smooth Hound

It is home to some of our largest predatory fish such as Sea Bass, Pollack and Starry Smooth Hounds, just one of the species of sharks in the ocean tank.

Ballan Wrasse

Some of the fish in the ocean tank like to swim in shoals while others like to sit on the bottom when they're not swimming. Using our spotters guide can you tell who's who in our ocean tank?

Ocean Tank Spotters Guide

Tune into our live web cam at 3.00 on Tuesday, Thursday, Saturday and Sunday to see the fish being feed.

Live Web Cam Feed

See www.nationalaquarium.ie/exhibition/webcam.php for more information on our ocean tank.
